Dear residents,

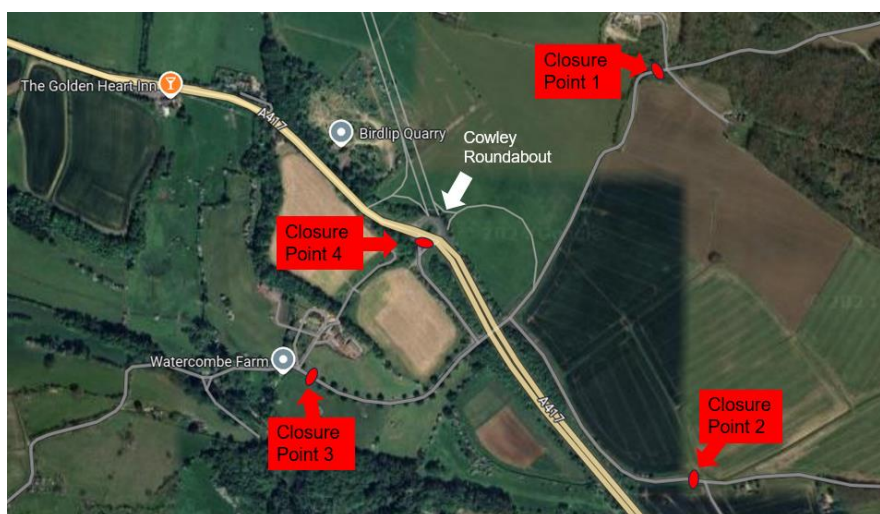

Upcoming work and road closures

We're writing to inform you about upcoming work near to the A417 Missing Link project at Cowley junction.

How will this affect my journey?

We have provided a diagram below, which highlights the following road closures:

- **Closure Point 1:** Follow Climperwell Road towards Cowley.
 - Follow diversion via Cowley to the A435.
- **Closure Point 2:** Follow High Cross Road towards Cirencester.
 - Follow diversion via Elkstone to the A417.
- **Closure Point 3:** Follow Climperwell Road towards Churchview.
 - Follow diversion via Brimpsfield to Birdlip.
- **Closure Point 4:** Traffic will not be able to exit the A417 onto the link road at Cowley Junction.

- The A417 will remain open and mainline traffic will not be affected.
- There will be no pedestrian access through the road closures.
- Emergency access will be maintained at all times.

Diversion routes will be in place as approved by Gloucestershire County Council.

What are we doing and when?

We will be installing an upgraded drainage system, utilities, and a new footpath beneath the A417 Bridge at Cowley Junction.

The work will begin on Tuesday 7 January, and is expected to last approximately twelve weeks. We will be working during the day, with road closures remaining in place overnight.

Where to find more information

You can find more information about the scheme on our project webpage: nationalhighways.co.uk/a417-missing-link.

If you have any questions, or you would like to speak to someone about this work, you can call our contact centre on **0300123 5000**, who will pass your details to the team, or email [**a417missinglinkatairballoon@nationalhighways.co.uk**](mailto:a417missinglinkatairballoon@nationalhighways.co.uk).

Thank you for your patience as we work to improve the A417.

Yours faithfully,
A417 Communications Team
